

双碳目标下的全球绿色贸易

- 第二十五届中欧企业社会责任圆桌论坛 -

2021年12月2日 北京

背景

“中欧企业社会责任圆桌论坛”作为中欧双方在企业社会责任领域专业、务实的交流平台和沟通渠道，至今已成功举办了 24 届研讨活动，得到了政府有关部门、企业社会责任专业机构及参与会议的中欧企业等利益相关方和参会者的积极评价和大力支持。

为实现《巴黎协定》设定的本世纪后半叶实现净零排放的目标，越来越多的国家政府提出了无碳未来的愿景。全球已经有 130 多个国家和地区提出了碳中和或“零碳”目标。今年以来，中国的碳中和、碳达峰“双碳”目标也相继写入了政府工作报告和“十四五”规划，强有力推动各行各业向绿色低碳转型。《国务院关于完整准确全面贯彻新发展理念做好碳达峰碳中和工作的意见》中指出，要加快建立绿色贸易体系，持续优化贸易结构，体现了绿色贸易对于实现双碳目标的重要性。

双碳目标是改善全球气候环境、能源转型的必然之路，是全球产业界和全社会的共识。如何将绿色贸易与双碳目标的要求接轨，实现全球产业链各环节低碳减排，第二十五届中欧企业社会责任圆桌论坛聚焦于此，邀请知名企业代表和可持续发展专家就双碳目标给绿色贸易带来的机遇与挑战展开探讨，共同分享在全球市场挑战下如何将双碳目标转化为可行的、可以实现的绿色贸易行动。

Global green trade and the 30•60 decarbonization goal

- The 25th Sino-European CSR Roundtable Forum -

2 December 2021 Beijing

Background

As a professional and practical communication platform and channel for corporate social responsibility (CSR), the Sino-European CSR Roundtable Forum has been successfully held 24 times in the past years. It has been well received by stakeholders and conducted with great support from participants, including relevant Chinese government departments, CSR organizations as well as Chinese and European enterprises.

In response to the goal of achieving net zero emissions in the second half of this century set by the *Paris Agreement*, more and more governments have put forward a vision for a carbon-free future. More than 130 countries and regions have proposed goals of carbon neutrality or "zero carbon". Since the beginning of 2021, China's aims to peak carbon emissions by 2030 and achieve carbon neutrality by 2060 (30•60 decarbonization goal) have also been written into the government work report and the 14th Five-Year Plan, which has strongly promoted the transition to green and low-carbon industries. The *Opinions of the State Council on the Complete, Accurate and Comprehensive Implementation of the New Development Concept to Contribute to the 30-60 Decarbonization Goal* pointed out that it is necessary to accelerate the establishment of a green trade system to continue optimizing the trade structure, which reflects the significance of green trade in achieving the 30-60 Goal.

In this context, how to integrate green trade with the requirements of 30•60 Goal and achieve low-carbon emission reductions in all links of the global industrial chain, the 25th Sino-European CSR Roundtable Forum focuses on this topics and will invite well-known company representatives and sustainability experts to discuss the opportunities and challenges brought by the 30•60 Goal to green trade, and share how to transform the 30•60 Goal into feasible and achievable green trade actions.
