Research on Impact Assessment of Sustainability Tools/Programmes

About amfori:

As the leading global business association for open and sustainable trade, we bring together over 2,000 retailers, importers, brands and associations from more than 40 countries. Our membership contains organisations of all sizes and all sectors with a combined turnover of more than one trillion euros. Our mission is to enable each of our members to enhance human prosperity, use natural resources responsibly and drive open trade globally.

Purpose of research:

The research will serve as input to the strategy and innovation plan of amfori.

Topics to be included in the research:

- Overview of existing approaches and future trends regarding impact assessment of social and environmental sustainability programmes
 - Including any recommendations/expectations from global frameworks, such as UNGP on Business & Human Rights, and OECD Guidelines for Multi National Businesses on Responsible Business Conduct and the Sustainable Development Goals
 - Industry, regulatory, NGO, consumer trends should be considered
 - Best practice examples from other non-profit organisations with regards to impact assessment
 - Global scope
- Overall stakeholder mapping for amfori – including potential partnerships for impact assessment
- Overview of main challenges/concerns from the corporate sector with regards to impact assessment of sustainability programmes
- List of potential consultancies/service providers that can support on the development of impact assessment methodologies for a variety of sustainability tools/programs

Timeline:

RFP Launch date: 1st April 2019

Deadline for submissions: 19th April 2019

Expected Delivery date: 28th June 2019

Please submit proposals (or any questions) to:

Anouschka Jansen - Senior Manager, Program Development, Strategy & Innovation –
